Opis aplikacije

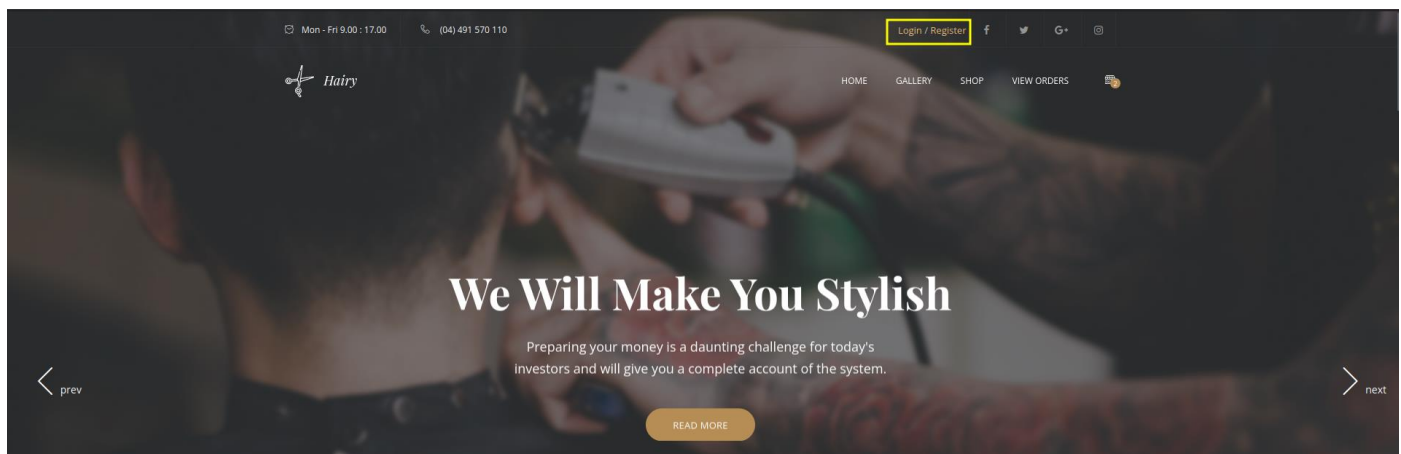

Ovo je aplikacija namenjena frizerskim salonima i/ili prodavnicama kozmetike za kosu. Moguće je kontaktirati salon kako bi zakazali termin, kupiti neke od proizvoda u prodavnici, kao i upravljati proizvodima.

Postavka

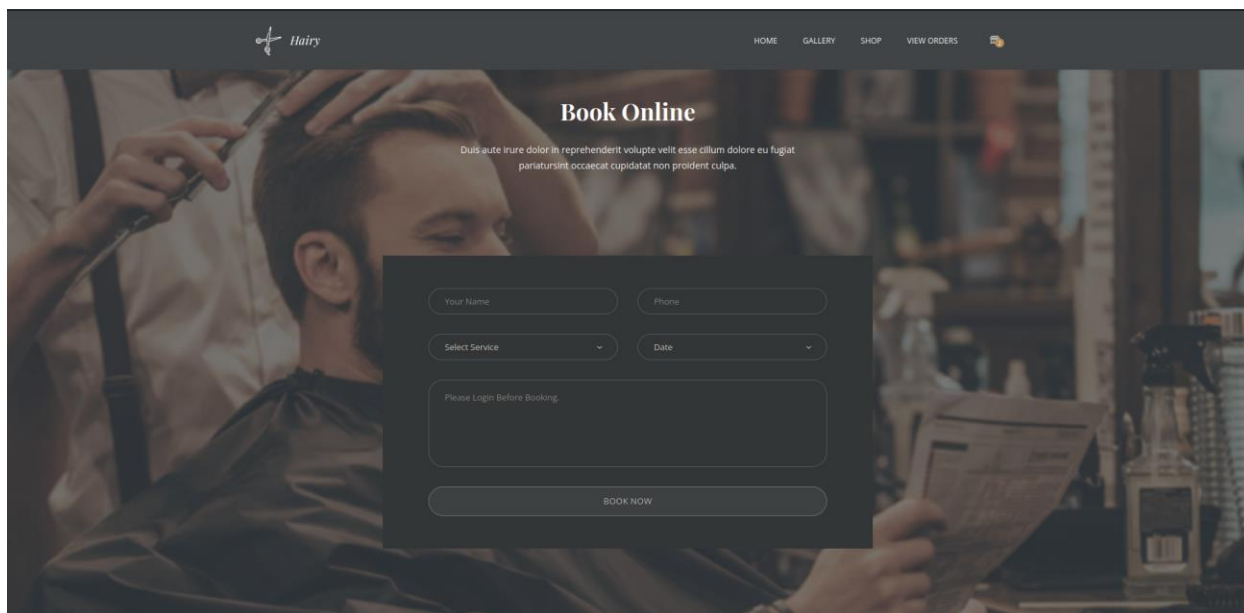

Aplikacija je razdvojena na dve celine – API i Frontend. Potrebno je podići projekat pomoću sail-a i hostovati ga, pomoću komande artisan serve. Nakon toga potrebno je pokrenuti migracije i seedere kako bi se baza popunila. Aplikaciji se nakon toga može pristupiti na adresi localhost:8000.

Osnovne funkcionalnosti

Neulogovani korisnik može samo razgledati po sajtu. Kako bi mogao da koristi ostale funkcionalnosti mora se ulogovati/registrovati.

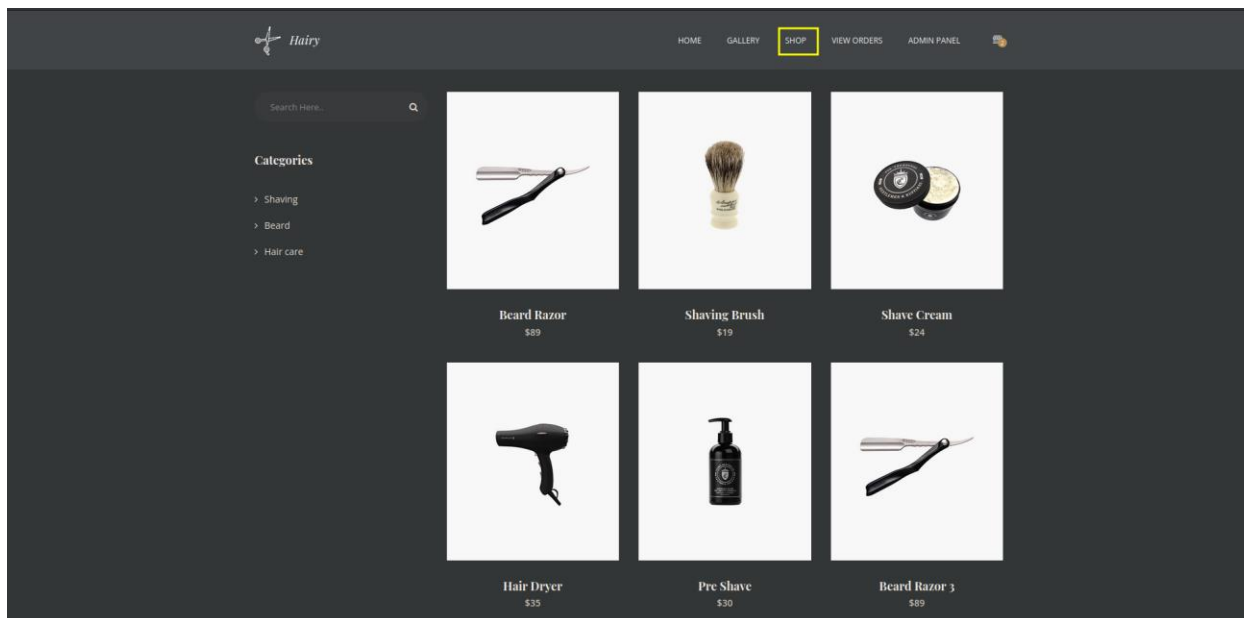

Kada se uloguje, na dnu početne stranice ima mogućnost “zakazivanja termina”.

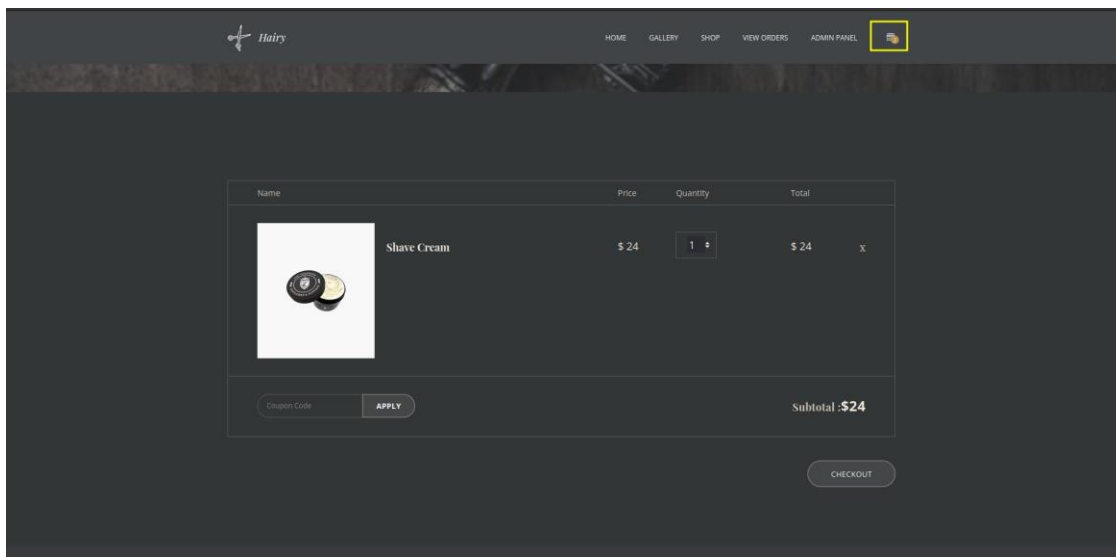

Rezervacija ter

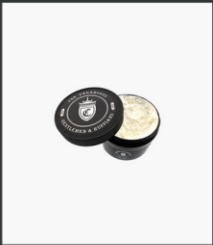

Može takođe u prodavnici dodati neke od produkata u korpu, pregledati svoju korpu i kupiti produkte.
